PROFESSIONAL TEXTILE CARE

All about Laundry and Dry Cleaning

First Edition

Original Title: Fachwissen Professionelle Textilpflege, 1. Auflage
© 2018 by Verlag Europa-Lehrmittel, Nourney, Vollmer GmbH & Co. KG
D-42781 Haan-Gruiten, Germany

Licensed Edition:
Böwe Textile Cleaning GmbH, Germany
Seitz – The Fresher Company, Germany

Authors:

Meinrad Himmelsbach,

Bachelor of Business Administration, Master of Professional Textil Care, Freiburg, Germany

Christian Himmelsbach,

Master of Economics, Master of Professional Textil Care, Freiburg, Germany

Rudolf Gämperle,

Vocational Teacher of Textile Processing, Instructor at the Swiss Textile School, Zurich, Switzerland

Heike Gläßer,

Educational Engineer (Technical University), Vocational Instructor at the BSZ Service and Design Vocational School, Dresden, Germany

Werner Ring,

Engineer (Technical College), Retired Former Research Director, Eningen, Germany

Michaela Rößler,

Senior Instructor at the Frankfurt School of Fashion and Clothing, Frankfurt, Germany

Sabine Ruchhöft,

Vocational Teacher, Specialist Instructor in Textile and Garment Technology at the Dresden Vocational School, Dresden, Germany

Editorial and Research Team Leadership:

Werner Ring, Engineer (FH), Former Academic Director, Eningen, Germany

Publishing Editor:

Anke Horst, Haan, Germany

Image Editing:

Design Office of Europa-Lehrmittel Publishing, Ostfildern, Germany

Editorial and Research English Edition:

Meinrad Himmelsbach,

Frank Ziermann,

Master of Business Administration and Engineering, Sasbach, Germany

Foreword

Professional textile care is a global craft and, at the same time, a modern service that places high demands on expertise, quality, and responsibility worldwide. Whether in small businesses or large industrial facilities, skilled workers around the globe make a crucial contribution every day to preserving the value of textiles, ensuring hygiene, and using resources sustainably.

With the book at hand, *Professional Textile Care*, we have aimed to create an international standard work that provides practical, up-to-date, and sound knowledge for everyone working in this field—regardless of country, language, or company size. It brings together the experience and expertise of numerous specialists from different regions, disciplines, and cultures.

We would like to express our sincere thanks to everyone who contributed to the creation of this book—whether through specialist articles, editorial work, translations, illustrations, or critical support. Your support makes this work a joint project of the global textile care industry.

At the same time, we see this book as a living project that can continue to grow. We therefore cordially invite all readers to participate in its further development—with comments, additions, or new content. Only through open, international exchange can specialist knowledge remain dynamic, relevant, and sustainable.

Please do not hesitate to contact us by email: mail@professional-textile-care.com

With this in mind, we hope you enjoy reading this publication and wish you every success in your daily work—wherever you are in the world.

Table of Content

1.1	Foreword	3	3	Leather and Fur	
1	Basic Knowledge of Textiles and Garments		3.1	Leather	107
1.1	Textile and Garment Production Line, Textile Product Care	8	3.1.1	Leather Production Process	107
1.2	Textile Fibers	10	3.1.2	Types of Leather	109
1.2.1	Origin and Significance of Textile Fibers	10	3.1.3	Leather Garments	110
1.2.2	Classification of Textile Fiber Materials	11	3.2	Fur Clothing	111
1.2.3	Fibers from Plants	12	3.2.1	Animals Providing Fur	111
1.2.4	Animal Fibers	20	3.2.2	Fur Leather Preparation	112
1.2.5	Basic Knowledge of Chemical Fibers	29	3.2.3	Fur Finishing Process	113
1.2.6	Chemical Fibers from Natural Polymers: Overview	32	3.2.4	Fur Garment Design	113
1.2.7	Synthetic Fibers from Synthetic Polymers	37	4	Feathers and Down	
1.2.8	Inorganic-Based Chemical Fibers	44	4.1	Feathers and Down	114
1.2.9	Properties of fibers	45	4.1.1	Feathers	114
1.2.10	Blending of Textile Fibers	48	4.1.2	Down Feathers	114
1.3	Yarn	49	5	Textile Processing	
1.3.1	Yarn: Overview and Definition	49	5.1	Production	115
1.3.2	Staple Fibers	50	5.1.1	Garment Production	115
1.3.3	Filament Yarn	52	5.2	Sewing	116
1.3.4	Twisted Yarns	54	5.2.1	Sewing Machines	116
1.3.5	Textured Yarns	55	5.2.2	Overview of Sewing Stitches	117
1.3.6	Sewing Threads	56	5.2.3	Types of Sewing Stitches	118
1.3.7	Yarn Count of Sewing Thread	57	5.2.4	Types of Joints	119
1.4	Fabric	58	5.3	Welding	120
1.4.1	Fabric Overview	58	5.3.1	Seam Welding and Seam Sealing	120
1.4.2	Nonwoven fabric	58	5.4	Accessories	121
1.4.3	Plain Weave Fabric	60	5.4.1	Interlining Materials	121
1.4.4	Knitted Fabrics	72	5.4.2	Fastening Accessories	121
1.4.5	Special Fabrics	81	6	Functions of Textiles	
1.4.6	Knitted Fabrics	72	6.1	Functions of Clothing	122
1.4.7	Special Fabrics	81	6.1.1	Basic Functions and Requirements	122
1.5	Textile Finishing	83	6.1.2	Physiological Functions of Clothing	123
1.5.1	Basics	83	6.2	Technical Functions of textiles	124
1.5.2	Pre-Treatment, Intermediate Treatment, and After-Treatment	84	6.2.1	Moisture-Wicking and Temperature-Regulating Clothing	124
1.5.3	Dyeing	86	6.2.2	High-Tech Textiles	125
1.5.4	Printing Methods	95	7	Ready-Made Fabrics	
1.5.5	Fabric Finishing	98	7.1	Apparel Fabrics	127
1.5.6	Jean Finishing Process	102	7.1.1	Overview	127
1.5.7	Fabric Coating	103	7.1.2	Outerwear	128
2	Carpets		7.1.3	Decorative Accessories for Clothing	130
2.1	Production	104	7.1.4	Garment laundry	131
2.1.1	Production Principles	104	7.1.5	Sports Wear and Recreational Clothing	132
2.2	Backing and Installation Methods	106	7.1.6	Weather Protection Clothing	133
2.2.1	Carpet Backing	106	7.1.7	Festival and Religious Ceremonial Clothing	134
2.2.2	Carpet Installation Methods	106			

7.2	Work and Occupational Clothing	135
7.2.1	Overview Work and Occupational Clothing	135
7.2.2	Rental Clothing	136
7.2.3	Personal Protective Equipment	137
7.2.4	Quality Inspection of Industrial Clothing and Personal Protective Equipment	141
7.3	Flat Linen	142
7.3.1	Flat Linen	142
7.3.2	Bed Linen	143
7.3.3	Tablecloths	144
7.3.4	Kitchen Towels	145
7.3.5	Sanitary Towels	146
7.4	Household Fabrics	147
7.4.1	Curtains, Blinds, and Sun Protection	147
7.4.2	Blankets and Pillows	149
7.4.3	Carpets and Rugs	150

8 Textile Labeling

8.1	Clothing Size Labeling	151
8.1.1	Overview of International Women's Sizing	152
8.1.2	International Size Overview for Men	153
8.1.3	International Clothing Size Standards	155
8.2	Material Labeling	156
8.2.1	Textile Labeling Regulations & Eurasian Conformity Mark	156
8.3	Care Labeling Instructions	157
8.3.1	Symbols and Care Labels	157
8.3.2	Textile Care Symbols in the U.S.	161
8.3.3	Labeling Regulations for Industrial Laundry	163
8.4	PPE Labeling	164
8.4.1	Pictograms for Protective Clothing	164
8.4.2	Personal Protective Equipment (PPE)	165

9 Labeling, Classification, and Preparation of Goods

9.1	Internal Labeling	166
9.1.1	One-Time Labeling	166
9.1.2	Long-Term Labeling	167
9.2	Laundry Classification	168
9.2.1	Classification Criteria	168
9.3	Product Preparation	171
9.3.1	Fabric Preparation	171
9.4	Biological Contamination	172
9.4.1	Microbial Contamination	172
9.4.2	Hygiene-Contaminating Organisms	173
9.4.3	Fabric-damaging Insects	174

10 Basic Concepts of Chemistry

10.1	General Basic Concepts	175
10.1.1	Water	175
10.1.2	Water Hardness	179
10.1.3	pH Value	181
10.1.4	Acids, Bases, and Salts	183
10.1.5	Organic Chemistry	185
10.2	Components of Textile Care Products	195
10.2.1	Surfactants	195
10.2.2	Builders	201
10.2.3	Enzymes	204
10.2.4	Bleaching	206
10.2.5	Additives	210
10.2.6	Laundry Additives	212
10.2.7	Post-Washing Additives	213
10.2.8	Solvents	214

11 Washing Process

11.1	Machinery, Equipment, and Tools	215
11.1.1	Factors affecting Linen	215
11.1.2	Washer Extractors	216
11.1.3	Continuous Washing System	219
11.2	Fabric Care Products	222
11.2.1	Types of Detergents and Cleaning Agents	222
11.2.2	Post-Wash Treatments	223
11.2.3	Disinfectants	224
11.3	Washing Process	225
11.3.1	Detergent Solution Ratio and Load Capacity	225
11.3.2	Steps in the Washing Process	226
11.3.3	Washing Process	227
11.3.4	Hygiene Washing Process	230
11.3.5	Laundry Quality Assurance	233

12 Dry Cleaning

12.1	Machinery and Equipment	236
12.1.1	Care Label for Dry Cleaning	236
12.1.2	Machinery Technology	237
12.1.3	Construction and Operation of Dry-Cleaning Machines	238
12.2	Process Technology	243
12.2.1	Basics of Process Technology	243
12.2.2	Dry Cleaning Process	244
12.3	Machine Technology	246
12.3.1	Machine Monitoring	246
12.3.2	Machine Maintenance	247
12.3.3	Safety Devices	248
12.3.4	Solvent Care	248
12.4	Cleaning Aids	249
12.4.1	Solvents	249
12.4.2	Global Overview of Solvents	250
12.4.3	Detergent Boosters	252

13 Wet Cleaning Technology

13.1	Machines, Equipment, and Tools	253
13.1.1	Care Label for Wet Cleaning	253
13.1.2	Basic Knowledge	254
13.1.3	Application	254
13.1.4	Development	255
13.1.5	Wet Cleaning Process	255
13.1.6	Wet Cleaning Machines	256
13.2	Products Used for Wet Cleaning	257
13.2.1	Detergents in the Process	257
13.2.2	Auxiliary Agents	257
13.3	Wet Cleaning Process	258
13.3.1	Stages	258
13.3.2	Two-Bath Cleaning Process	259
13.3.3	Single-Bath Cleaning Drain	259

14 Spotting

14.1	Basic Knowledge	260
14.1.1	Spotting Treatment Area	260
14.2	Identifying Stains	262
14.2.1	Criteria for Identifying Stains	262
14.2.2	Principles of Stain Identification	263
14.2.3	Stain Classification	264
14.3	Stain Removal Process	265
14.3.1	Principles of Stain Removal	265
14.3.2	Spotting Agents	266
14.3.3	Stain Removal Methods and Stain Removal Chart	267
14.3.4	Spotting Process	268
14.4	Damage During Spotting	270
14.4.1	Examples of Damage	270

15 Finishing Process

15.1	Basic Knowledge	271
15.1.1	Finishing in Professional Textile Care	271
15.2	Finishing after the Washing Process	272
15.2.1	Overview	272
15.2.2	Evolution of finishing	272
15.2.3	Finish Machinery and Process	273
15.3	Finishing Process in Dry Cleaning	280
15.3.1	Overview	280
15.3.2	Equipment and Process	280
15.3.3	Supporting Tools	282
15.4	Folding Diagrams for Linen	283
15.4.1	Flat Linen Folding Diagram	283
15.4.2	Folding Diagram for Garments with Patterns	284
15.4.3	Folding Diagram for linen Items Using Folding Machines	285
15.5	Quality Control	286
15.5.1	Quality Control for Pressed Linen / Flat Linen	286
15.5.2	Quality Control for Garment Parts	287

16 Specialization

16.1	Textile Care Services	289
16.1.1	Floor Mats and Fabric Roll Towels	289
16.1.2	Provision of Sterile Materials for Hospital Operating Rooms	290
16.1.3	Laundry Room in Cleanroom Environment	291
16.2	Cleaning of Leather and Fur	292
16.2.1	Leather Cleaning	292
16.2.2	Steps for Preparing Leather Cleaning	293
16.2.3	Leather Cleaning Process	294
16.2.4	Post-Cleaning Treatment for Leather Products	295
16.2.5	Quality Criteria in Leather Cleaning	296
16.2.6	Cleaning Fur	297
16.3	Carpet Cleaning	298
16.3.1	Carpet Cleaning Process	298
16.3.2	Deep Cleaning for Carpets	299
16.3.3	Dry Carpet Cleaning Methods	301
16.3.4	Wet Carpet Cleaning Methods	302
16.4	Cleaning Upholstered Furniture	303
16.4.1	Upholstered Furniture Assessment	303
16.4.2	Upholstered Furniture Cleaning Process	304
16.5	Cleaning Sun Protection Equipment	305
16.5.1	Cleaning Fabric Sun Protection Equipment	305

17 Energy, Air, and Water

17.1	Energy	306
17.1.1	Energy Production	306
17.1.2	Steam	307
17.2	Air	313
17.2.1	Air Requirements for Professional Fabric Care Enterprises	313
17.3	Water Supply, Treatment, and Disposal	314
17.3.1	Water Requirements	314
17.3.2	Wastewater Treatment	315

18 Occupational Health and Safety

18.1	Occupational Safety Organization/Objectives and Regulations	316
18.1.1	Occupational Health Protection	316
18.1.2	Company Doctor and Occupational Safety Specialist	316
18.1.3	Occupational Health Examinations	317
18.1.4	Fitness for Work Examinations	317
18.1.5	Health Protection for Minors and Pregnant Women	317
18.2	Workplace Design / Ergonomics	318
18.2.1	Space and Technical Equipment	318
18.2.2	Climate	318
18.2.3	Lighting	318
18.2.4	Noise	319
18.2.5	Workplace Design	319
18.2.6	Work Organization, Rest, and Recreation	320
18.3	Risk Assessment	321
18.3.1	Risk Analysis	321
18.3.2	Employee Training	321
18.3.3	Safety and Health Protection Signs	322
18.3.4	Business Guidelines	323
18.3.5	First Aid	324
18.3.6	Fire Safety	324
18.4	Machinery, Equipment, and Work Tools	325
18.4.1	Test and Certification Marks	325
18.4.2	Organizational Measures	325
18.4.3	Washing Machines and Centrifuges	325
18.4.4	Dryers	326
18.4.5	Flatwork Ironing Machines	326
18.4.6	Pressing Machines	326
18.4.7	Pressure Equipment and Steam Boilers	327
18.4.8	Ladders and Step Stools	327
18.4.9	Laundry Carts, Mesh Trolleys	327
18.4.10	Hand Ironing Area	327
18.4.11	Hand Ironing Area	327
18.5	Hazardous Substances	328
18.5.1	Hazardous Goods Labeling	328
18.5.2	Work Involving Hazardous Substances	329
18.5.3	Basic Obligations	329
18.5.4	Labeling	329
18.5.5	Risk Analysis When Using Hazardous Substances	330
18.5.6	Safety Data Sheets	330
18.5.7	List of Hazardous Substances	331
18.5.8	Workplace Limits	331
18.5.9	Typical Hazardous Substances by Industry (Examples) ..	331
18.5.10	Acids and Bleaching Agents in the Laundry Industry	332

19 Environmental Protection and Sustainable Development

19.1	Overview	334
19.1.1	Overview of Environmental Protection in Businesses	334
19.2	Legal Regulations	335
19.2.1	Requirements from Waste Management Law Based on Examples from Germany	335
19.2.2	Regulations of Water Law Based on Examples from Germany	336
19.2.3	Environmental Protection Regulations with examples from Germany	340
19.3	Voluntary Environmental Protection	343
19.3.1	Environmental Protection for Economic Goals	343
19.3.2	Implementing Environmental Protection in Businesses	344
19.3.3	Implementing Environmental Protection Through an Environmental Management System in Businesses ..	344

20 Customer Support and Service

20.1	Requirements for Employees	345
20.1.1	General Requirements	345
20.1.2	General Requirements	346
20.2	Customers	347
20.2.1	General Overview	347
20.2.2	Customer Structure and Types of Customers	348
20.3	Sales and Consultation Interaction	349
20.3.1	Stages of the Sales and Consultation Interaction	349
20.3.2	Creating a First Impression and Understanding Customer Needs	350
20.3.3	Value Proposition	351
20.3.4	Handling Objections	352
20.3.5	Pricing	353
20.3.6	Supporting Decision-Making and Closing Sales	354
20.4	Payment Process	355
20.4.1	Payment Methods	355
20.4.2	Receiving Items, Confirmation, and Farewell	357
20.5	Other Ways to Contact Customers	358
20.5.1	Contacting Customers by Phone	358
20.6	Customer Service	360
20.6.1	Preventing and Handling Complaints	360
20.6.2	Determining Responsibility	361
20.6.3	Complaint Resolution – Service Contract	362
20.6.4	Legal Disputes	363

21 Appendix

21.1	Overview of Handling Contaminated Textiles with Pathogenic Bacteria	364
21.2	Supporters and Sponsors	373
21.3	Image Sources	398
21.4	Index	401
